## DESIGN OBJECTIVE

The new OLFA ESK-1, the entry level type of the snap-off blade utility knife, can be your possible first utility knife!

Snap-off blades have grown popular today, but we still receive those customer feedbacks saying that they are afraid of snapping off. This year OLFA, as the originator of the snap-off blade, is suggesting the world this super user-friendly knife for beginners! ESK-1

features innovative, plastic-covered safety-edge blades for high-quality cutting with a safer blade angle. Ideal for people afraid of snapping.

Three easy steps!

Cut!

Snap!

Store!

## TARGET MARKET & MARKET TRENDS

Stationery Shops / Variety Shops / Department Stores / Arts and Crafts Shops

Children love our ESK-1 that makes cutting fun while cutting through classroom materials. Though in Japan the ESK-1 was unveiled in 2018 as "Kids' Cutter", it could be an "educational" safety knife to all ages, as well as in classrooms! Won the award in Tokyo "27th STATIONERY OF THE YEAR 2018" Grand Prix in Function Category.
